

SOLID WASTE FACILITY PERMIT1. Facility/Permit Number:
13-AA-0001

2. Name and Street Address of Facility:

Imperial Solid Waste Site
1705 West Worthington Road
Imperial, CA 92251

3. Name and Mailing Address of Operator:

County of Imperial
Department of Public Works
155 South 11th Street
El Centro, CA 92243

4. Name and Mailing Address of Owner:

County of Imperial
Department of Public Works
155 South 11th Street
El Centro, CA 92243

5. Specifications:

a. Permitted Operations

☐ Composting Facility (mixed wastes)☐ Processing Facility☐ Composting Facility (yard Waste)☐ Transfer Station☒ Landfill Disposal Site☐ Transformation Facility☐ Material Recovery Facility☐ Other

b. Permitted Hours of Operation:

8 AM to 4 PM, Tuesdays and Sundays, Less Holidays (refer to condition 17o)

c. Permitted Maximum Tons per Operating Day:

207 Tons per Day

d. Permitted Traffic Volume:

150 Vehicles per Day

e. Key Design Parameters	Total	Disposal	Transfer	MFR	Composting	Transformation
Permitted Area (in acres)	69.16ac	18 ac	N/A	N/A	N/A	N/A
Remaining Capacity		183,871cy	N/A	N/A	N/A	N/A
Max. Elevation (ft. below MSL)		50ft				
Max. Depth (ft. BGS)		26ft				
Estimated Closure Date		September 2015				

Note: Mean Sea Level (MSL) is reflected as 1000ft in the Site Plan (Fig 3) and Final Grading and Drainage Plan (Fig 6). Therefore, maximum elevation of 50ft below MSL would be equivalent to 950ft in the described Plans.

Upon a significant change in operation from that described herein, this permit is subject to revocation or suspension. The attached permit findings and conditions are integral parts of this permit.

6. Approval:

Approving Officer Signature

Jeff Lamoure
Permitting and Enforcement Specialist
Name/Title

7. Local Enforcement Agency Name and Address:

Imperial County Public Health Department

Division of Environmental Health Services

Court House
939 West Main Street

El Centro, California 92243

8. Received by California Integrated Waste Management Board (CIWMB):

JAN 03 2007

9. CIWMB Concurrence Date:

FEB 13 2007

10. Permit Review Due Date:

February 23, 2012

11. Permit Issued Date:

February 23, 2007

SOLID WASTE FACILITY PERMIT

Facility/Permit Number

13-AA-0001**12. Legal Description of Facility:**

Portion of south ½ of section 24, Township 15 South, Range 12 East, San Bernardino Baseline and Meridian. Latitude and longitude of the site are 32 degrees, 84722' N, 115 degrees, 68222' W, respectively. The site lies south of the New River, west and north of the east edge of Tiffany Road, and north and the south line of said section 24, as described in lot line adjustment recorded on March 24, 2000 in Book 2009, Page 1306 of the official record.

13. Findings:

- a. This permit is consistent with the County Integrated Waste Management Plan (CIWMP). Public Resources Code, Section 50001. See pages 32 & 33 of CIWMP.
- b. This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB). Public Resources Code, Section 44010.
- c. The design and operation of the facility is in compliance with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the LEA.
- d. The Imperial County Fire Department has determined that the facility is in conformance with applicable fire standards as required in Public Resources Code, Section 44151.
- e. The Negative Declaration was circulated through the State Clearinghouse (SCH No. 2003011139) on December 17, 2003. A Notice of Determination was made by the Imperial County Planning Commission on June 23, 2004. The LEA finds the proposed permit in compliance with CEQA.
- g. The Imperial County Board of Supervisors has made a written finding on September 3, 1996 that surrounding land use is compatible with the facility operation, as required in Public Resources Code, Section 50000.5(b).

14. Prohibitions:

The permittee is prohibited from the disposal of the following items:

- a. Hazardous waste, as defined by CCR Title 22.
- b. Liquid waste (moisture content more than 50 percent).
- c. White goods which are deemed to be recyclable.
- e. Biohazardous/Medical Waste.
- d. Designated wastes.
- e. Radioactive waste.
- g. Wastes which can cause corrosion/erosion or decay, or otherwise reduce or impair the integrity of containment structures.
- h. Waste which, when mixed or commingled with other wastes in the landfill, could produce chemical reactions that create heat or pressure, fire or explosion, toxic byproducts, or reactions that in turn would require a higher level of containment than provided by this unlined landfill.

16. Self-Monitoring:

A variety of monitoring activities shall be performed by the Imperial Solid Waste Site operator. The various monitoring activities are included in permits and the environmental review documents for the landfills.

- a. The LEA, under this permit, will enforce only those mitigation measures that the LEA has the authority to enforce under the Public Resources Code, Title 27 California Code of Regulations and applicable regulations.
- b. Operator to perform quarterly landfill gas monitoring of the landfill perimeter and any on-site structures and to submit monitoring reports within 15 days following monitoring activities.
- c. Operator to maintain daily tonnage logs of all waste received at the landfill and shall submit reports to the LEA monthly within 15 days of the following month.
- d. Operator shall maintain a record of the number of waste delivery vehicles entering the facility and submit report to the LEA monthly within 15 days of the following month.
- e. The LEA will be responsible to monitor only those items that it has the authority to enforce.

17. LEA Conditions:

- a. The operator shall comply with State Minimum Standards for solid waste handling and disposal as specified in Title 27, California Code of Regulations (CCR). The operator shall not operate this facility without possession of all required permits/regulatory approvals. The operator shall inspect the site at a frequency sufficient to ensure compliance with all applicable standards/conditions/mitigations/regulations as are applicable to this facility.
- b. The operator shall comply with all applicable federal, state, and local requirements and enactments including all mitigation and monitoring measures and all administrative/enforcement orders of all regulatory agencies with jurisdiction at this facility.
- c. The operator shall maintain a complete copy of this SWFP, Joint Technical Document and all LEA/CIWMB regulatory inspection reports and enforcement actions at the Imperial County Department of Public Works located at 155 South 11th Street in El Centro, CA. Such reports are to be readily available to facility personnel, LEA staff and other appropriate regulatory personnel.
- d. Additional information concerning the design/operation of the facility shall be furnished upon request to the LEA and other regulatory personnel in accordance with section 20510, Title 27, California Code of Regulations.
- e. The operator shall notify the LEA in writing of any proposed change in the routine facility operation or changes in facility design during the planning stages. In no case shall the operator undertake any significant changes unless the operator first submits to the LEA a notice of said changes at least 180 days before said changes are undertaken. Any significant changes as determined by the LEA would require a revision of this permit.
- f. The LEA reserves the right to suspend and/or modify operations at this facility when deemed necessary due to any emergency, potential health hazard, and/or public nuisance.

SOLID WASTE FACILITY PERMITFacility/Permit Number :
13-AA-0001

17. LEA Conditions Con't:

- g. A log of special occurrences shall be maintained. The log shall contain but is not limited to, fires, explosions, discharges, significant incidents of personnel injury, seismic events, accidents, and/or property damage. The log shall be maintained on the premises. Days without incidents shall be noted in the log with an appropriate negative entry. The operator shall submit copies of all written complaints regarding this facility and the operator's actions taken to resolve the complaints.
- h. On-site personnel shall have immediate access to radio or telephone communications.
- i. Upon successful demonstration, the LEA may grant approval for use of alternative daily cover (ADC) as described in the Joint Technical Document. These standards are subject to regulatory change and may be amended in the future.
- j. The terms and conditions of this permit may change as a result of revisions to applicable statutes or regulations.
- k. This permit does not release the operator from its responsibility under any other existing laws, ordinances, regulations, or statutes of other governmental agencies.
- l. The current Joint Technical Document or as it may be amended is a part of this permit.
- m. In the event of a conflict between any regulatory plan or permit, the more stringent requirement(s) shall apply.
- n. The operator may operate a transfer station under separate notification tier permit and or registration tier permit.
- o. Upon an approved Joint Technical Document amendment, the operator may extend the hours and days of operation. Landfill operating hours may be extended from 5:30 am to 5:30 pm, during daylight hours. The operator may operate during hours of darkness with an approved lighting plan. The operator may increase days of operation to six days per week.
- p. The operator shall require all vehicles transporting solid waste into the landfill to be properly covered (tarps, netting, etc).
